

Social Distance YOUR way to GREAT Curb Appeal!

We're all looking for things to do during this challenging time in our nation. Why not bring yourself and your neighbors a smile by sprucing up the front of your home?

Follow these 6 easy steps:

#1 Your Front Door - our gaze naturally gravitates to the front door where we get a feeling of welcome and friendship. Put a new coat of paint on it, and maybe consider a brighter shade than you've ever had before. New hardware can brighten things up also!

#2 Power Wash - it's amazing how dusty our homes can get over even just a single season- never mind the windows! For a few dollars, you can rent a power washer and give the front of your home a new shine.

#3 The Walkway - Do you have a walkway? If not, cut one out and fill with stone dust and crushed gravel for a quick and inexpensive natural path. If you do have a walkway, eliminate the weeds and cut the growth from the edges. You can power wash it also.

#4 Green Acres - How does your lawn look? Rough rake the brown areas and put down some new fertilizer and seed. Keep the water on it and watch it come alive!

#5 Those Shrubs - Why is it so dark in your living room? Maybe because your shrubs are taller than the windows. Cut perennial bushes low for a fresher, cleaner look. Don't worry, they'll grow back.

#6 Plant & Mulch - Finally, the fun part! Plant a mixture of perennials, shrubs and annuals for a garden that blooms all season. It's best to group odd numbers of the same types of plants, and stagger those groupings, spreading beautiful colors throughout the garden.

Need more advice?

Call me at 207-415-7501. I did landscape design, construction and planting for many years and can provide a blueprint to get your home to a place where people slow down to take a look! If you're getting ready to sell, then definitely call me and we'll make your home look awesome!
