1.

HEARTH AND HAND STONEWARE DESSERT PLATE

Up your Thanksgiving pie presentation by serving it on new dessert plates (color name: cinnamon). These would add so much to the dinner table and would also look great stacked on open shelves. With the color being a warm neutral, you can keep them out all year round, they're just "extra" Fall!

ANECDOTE AUTUMN GLASS CANDLE FROM ANTHROPOLOGIE

Fall feels, sweater weather, fireside chats and weekend getaway make up these fun, descriptive Autumn candles. Head to Anthropologie to read the descriptions of each candle. I'm going with "Fall Feels" - smells like family recipes and second helpings.

GLASS FOOD STORAGE CONTAINERS FROM AMAZON

Take your pantry from basic to BOJEE with glass food containers for your rice, pasta, cereal, and snacks. It reduces stress to keep things organized and pre-Thanksgiving hosting seems like the perfect excuse to organize (and de-stress)!
