LATINO AGENTS AWARD

A Report by the National Association
of Hispanic Real Estate Professionals[®]

In association with

 **Zillow[®]**

2019

Foreward

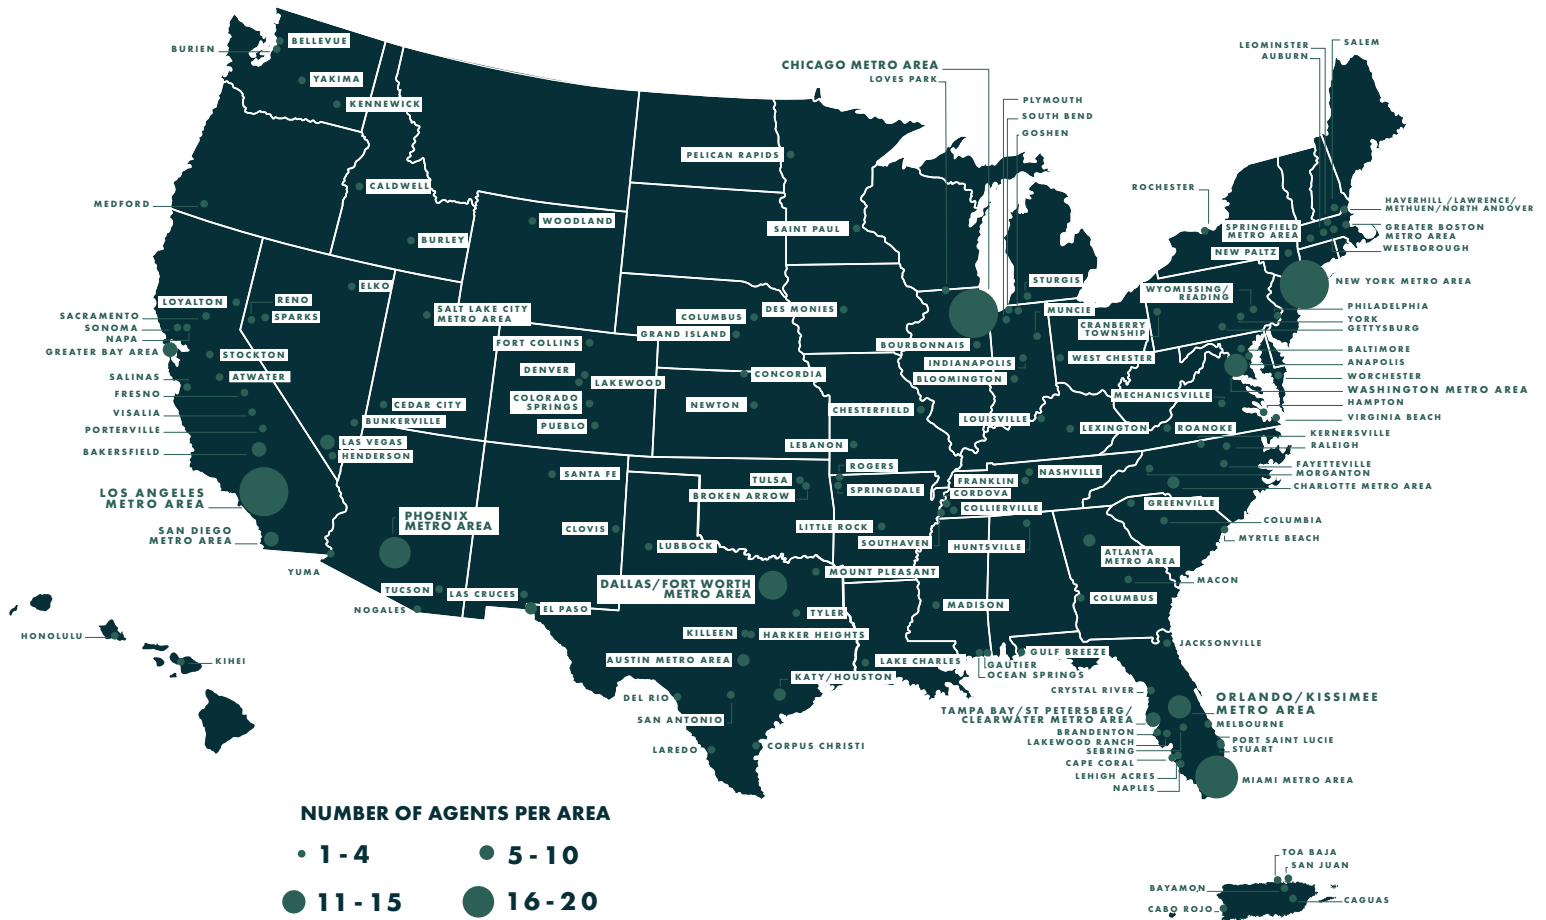

Annually, the National Association of Hispanic Real Estate Professionals® (NAHREP®) Top 250 Latino Agents Award recognizes the industry's leading Hispanic real estate agents and brokers from across the country. In its eighth year of publication, the following report recognizes agents whose hard work and dedication has led them to close an outstanding number of transactions in an effort to increase the rate of sustainable Hispanic homeownership in communities across the country. These agents represent a combined total of 25,552 units in closed transaction sides from January 2018 through December 2018 and over \$6.67 billion in total aggregate volume. These hard working agents are set apart from over one hundred and fifteen thousand Latinos in real estate through their dedication to homeownership.

Recognition of the agents who carry out the NAHREP mission of sustainable Hispanic homeownership in communities across the country has been a priority for NAHREP since the inception of the Top 250 award program in 2012. This year's honorees were selected from over 1,000 self-nominated agents, a testament to the prestige of the award. In addition to the highest-ranked agents based on transaction sides, this year's report examines several additional categories among the candidates, including agents by team, distribution by geographic regions, such as the South, Northeast, West, Midwest, and Texas. In addition, the report takes a closer look at agents by volume, millennials, and top individual agents. NAHREP salutes the Top 250 Latino Agents in America and their success year after year. Join NAHREP in recognizing these individuals and their Top 250 Latino Mortgage Originator counterparts on social media using #Top250. ¡Felicidades!

Methodology

The listing of the Top 250 Latino Agents in America is compiled through broker affirmed self-nomination and recognizes the nation's most successful agents and brokers for their residential real estate transactions. Residential is defined as dwellings with four or fewer units, excluding rental properties, vacant lots, and commercial real estate transactions. Once received, NAHREP reviews the nominations for accuracy by validating against other available data, including MLS records, company records, and franchise data. A small number of nominations were modified or disqualified where third-party validation was not available or consistent. Sales production data is representative of the 2018 calendar year. Ethnic background is confirmed through self-attestation. In instances where there is a tie based on transaction sides, higher rank is given to the agent with greater sales volume. NAHREP membership is not a prerequisite for participation or acknowledgement in the Top 250 Latino Agents & Mortgage Originators Awards.

RUTH HENRIQUEZ

VOLUME

Ruth became a real estate agent at age 19 as way to pay for her “dream college education” at Marymount University. Through real estate she was able to obtain her bachelor degree in Business Administration and finish debt free. In 2003 she was introduced to NAHREP by a national educator, and attended her first legislative conference in DC. From that moment, she fell in love with NARHEP and its members. Ruth saw NAHREP’s leaders as mentors and was astonished by their professionalism. Ranking among the Top 250 Latino Agents in the country is much more than a reward to her, it’s the proof of dreaming big, following great people, and seeing her goals fulfilled.

Hudson's journey began in the Amazon region of Brazil where he learned how to use any and every resource to create positive opportunities for his family and himself. His resourcefulness, business mindset, and creativity drove him to make a big life change in 2002 when he moved to Boston. He started out working as a dishwasher for a restaurant and eventually worked his way up through the restaurant industry before deciding to make a career change to real estate in 2009. It became clear that he wanted to take people from where they were and get them where they wanted to be. This service-centered approach, along with a very ambitious vision, has helped him become one of the top agents in the Boston area.
